## **RELEASE FORM**

I want to take part in Special Olympics and agree to the following:

- 1. Able to Participate. I am able to take part in Special Olympics. I know there is a risk of injury.
- 2. **Photo Release.** Special Olympics organizations may use my picture, video, name, voice, and words to promote Special Olympics.
- 3. **Overnight Stay.** For some events, I may stay in a hotel or someone's home. If I have questions, I will ask.
- 4. **Emergency Care.** If I am unable, or my guardian is unavailable, to make medical decisions in an emergency, I authorize Special Olympics to seek medical care on my behalf, unless I check one of these boxes:
  - □ I have a religious or other objection to receiving medical treatment.
  - □ I do not consent to blood transfusions.

(If either box is checked, an EMERGENCY MEDICAL CARE REFUSAL FORM must be completed.)

- 5. **Health Programs.** If I take part in a health program, I consent to health activities, exams, and treatment. This should not replace regular health care. I can say no to treatment or anything else any time.
- 6. Personal Information. I understand my information may be used and shared by Special Olympics to:
  - Make sure I am eligible and can participate safely;
  - Run trainings and events and share results;
  - Put my information in a computer system;
  - Provide health treatment, make referrals, consult doctors, and remind me about follow-up services;
  - Research, share, and respond to needs of Special Olympics athletes (identifying information removed if shared publically); and
  - Protect health and safety, respond to government requests, and report information required by law.

I can ask to see and change my information.

7. **Concussions.** I understand the risk of concussions and continuing to play sports with a concussion. I may have to get medical care if I have a suspected concussion. I also may have to wait 7 days or more and get permission from a doctor before I start playing sports again.

ATHLETE NAME:	

#### ATHLETE SIGNATURE (required for athlete over 18 years old with capacity to sign legal documents)

I have read and understand this release. If I have questions, I will ask. By signing, I agree to this form.

Athlete Signature:

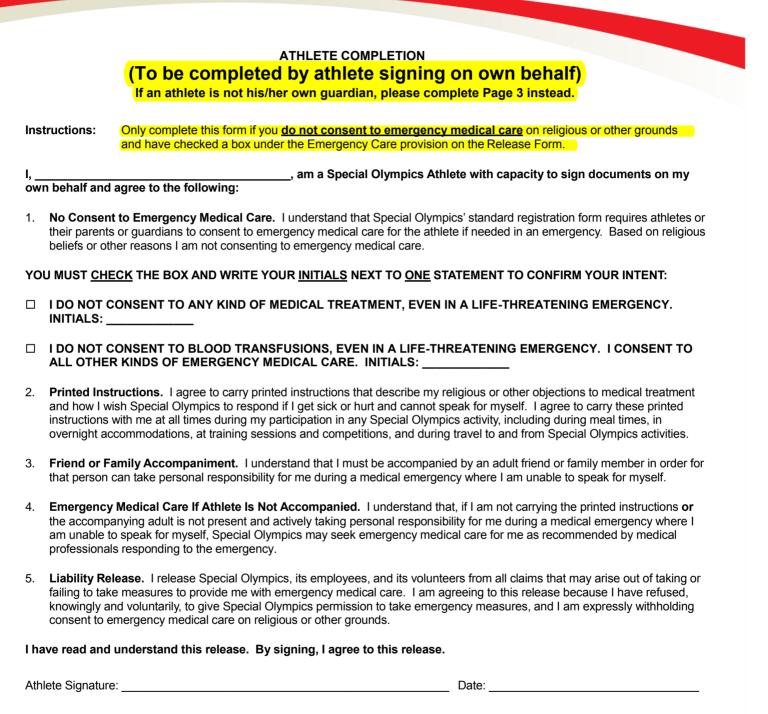

Date:

## PARENT/GUARDIAN SIGNATURE (required for athlete under 18 years old or lacking capacity to sign legal documents)

I am a parent or guardian of the Athlete. I have read and understand this form and have explained the contents to the Athlete as appropriate. By signing, I agree to this form on my own behalf and on behalf of the Athlete.

Parent/Guardian Signature:	Date:
Printed Name:	Relationship:

By signing, I agree to accompany the Athlete during Special Olympics activities and take personal responsibility for the Athlete during an emergency. I understand the extent to which the Athlete does not consent to emergency medical care and agree to act in accordance with the Athlete's wishes as I understand them.

## EMERGENCY MEDICAL CARE REFUSAL FORM

## PARENT OR GUARDIAN COMPLETION (To be completed by parent or guardian of athlete who is under 18 years) old or otherwise has a legal guardian)

Instructions: Only complete this form if you <u>do not consent to emergency medical care</u> on religious or other grounds and have checked a box under the Emergency Care provision on the Release Form.

I am the parent/guardian of \_\_\_\_\_ following:

I am the parent/guardian of \_\_\_\_\_\_ (the "Athlete") and agree to the

1. No Consent to Emergency Medical Care. I understand that Special Olympics' standard registration form requires athletes or their parents or guardians to consent to emergency medical care for the athlete if needed in an emergency. Based on religious beliefs or other reasons I am not consenting to emergency medical care as follows.

#### YOU MUST CHECK THE BOX AND WRITE YOUR INITIALS NEXT TO ONE STATEMENT TO CONFIRM YOUR INTENT:

- □ I DO NOT CONSENT TO ANY KIND OF MEDICAL TREATMENT, EVEN IN A LIFE-THREATENING EMERGENCY. INITIALS: \_\_\_\_\_
- □ I DO NOT CONSENT TO BLOOD TRANSFUSIONS, EVEN IN A LIFE-THREATENING EMERGENCY. I CONSENT TO ALL OTHER KINDS OF EMERGENCY MEDICAL CARE. INITIALS: \_\_\_\_\_
- 2. Accompaniment of Athlete. I understand that I must be present in order to take personal responsibility for the Athlete if any medical treatment is to be refused on the athlete's behalf in a medical emergency arises. This includes during meal times, in overnight accommodations, at training sessions and competitions, and during travel to and from Special Olympics activities.
- 3. Emergency Medical Care If Athlete Is Not Accompanied. I understand that, if I am not present and actively taking personal responsibility for the Athlete during a medical emergency, Special Olympics will seek emergency medical care for the athlete as recommended by medical professionals responding to the emergency.
- 4. Liability Release. On behalf of myself and the Athlete, I release Special Olympics, its employees, and its volunteers from all claims that may arise out of taking or failing to take measures to provide the Athlete with emergency medical care. I am agreeing to this release because I have refused, knowingly and voluntarily, to give Special Olympics permission to take emergency measures, and I am expressly withholding consent to emergency medical care on religious or other grounds.

I am authorized to enter into this Release on the Athlete's behalf. I have read and understand this release and have explained the contents to the Athlete as appropriate. By signing, I agree that this Release shall be binding upon me, the Athlete, and our respective heirs and legal representatives.

Special Olympics Medical Form |

## CONCUSSION AWARENESS AND SAFETY RECOGNITION POLICY

## Objective

It is Special Olympics' intent to take steps to help ensure the health and safety of all Special Olympics participants. All Special Olympics participants should remember that safety comes first and should take reasonable steps to help minimize the risks for concussion or other serious brain injuries.

## **Defining a Concussion**

A concussion is defined by the Centers for Disease Control as a type of traumatic brain injury caused by a bump, blow, or jolt to the head as well as serial, cumulative hits to the head. Concussions can also occur from a blow to the body that causes the head and brain to move quickly back and forth— causing the brain to bounce around or twist within the skull. Although concussions are usually not life-threatening, their effects can be serious and therefore proper attention must be paid to individuals suspected of sustaining a concussion.

## **Suspected or Confirmed Concussion**

A participant who is suspected of sustaining a concussion in a practice, game or competition shall be removed from practice, play or competition at that time. If a qualified medical professional is available on-site to render an evaluation, that person shall have final authority as to the removal or return to play of the participant. If applicable, the participant's parent or guardian should be made aware that the participant is suspected of sustaining a concussion.

## **Return to Play**

A participant who has been removed from practice, play or competition due to a suspected concussion may not participate in Special Olympics sports activities until either of the following occurs (1) at least seven (7) consecutive days have passed since the participant was removed from play and a currently licensed, qualified medical professional provides written clearance for the participant to return to practice, play and competition or (2) a currently licensed, qualified medical professional determines that the participant did not suffer a concussion and provides written clearance for the participant to return to practice play immediately. Written clearance in either of the scenarios above shall become a permanent record.

The Centers for Disease Control website <u>www.cdc.gov/concussion</u> provides additional resources relative to concussions that may be of interest to participants and their families.
